Richhill Snowdrops Project

Richhill Improvements Committee has been awarded a grant to purchase 12,000 snowdrop bulbs which we are planning to plant in the grassed public areas around the village and areas on approach to the village, for example, Stonebridge Roundabout. This will provide an impressive display of snowdrops to improve the appearance of the village and a prelude to the arrival of spring. We are seeking help from local community members and churches to get involved and co-ordinate a planning event for their members. Planting is a simple process, not involving heavy labour and suitable for all ages and abilities. Spades and hi-viz vests are available on request. We are hoping to complete the project by early October so your early response would be appreciated.
